SUMMARY

Full stack developer with extensive computer experience in graphic design and recording engineering software. Recent graduate of the UCSD extension coding bootcamp. Musician of twenty years with a love for attention to detail. I am passionate about delivering polished and intuitive user interfaces.

TECHNICAL SKILLS

Languages: Javascript, HTML, CSS, SQL

Libraries and Technologies: React, Bootstrap, JQuery, MySQL, MongoDB

Applications: Visual Studio Code, Git, Adobe Photoshop, Excel

PROJECTS

Plant Ahead:

<https://github.com/Deftone1/plant-ahead>

<https://plant-ahead.herokuapp.com/>

A plant finder application that allows users to search for specific plants and add them to a 'saved plants' list. The user can then create 'virtual gardens' and group certain plants together. The application provided the convenience of planning out landscaping projects before purchasing. Further development would allow purchase orders to be made through a large plant distributor, as well as a 'virtual landscaping' tool. Languages used: Javascript, HTML, and CSS.

My Secure Password Generator:

<https://github.com/Deftone1/-my-secure-password-generator>

<https://deftone1.github.io/-my-secure-password-generator/>

This assignment gave us the opportunity to create a random password generator with very precise stipulations about character length, different types of characters used, and upper/lowercase choices.

Future development would include creating a polished UI for the application using React.

Languages used: Javascript and HTML.

Employee Tracker:

<https://github.com/Deftone1/cms-employee-tracker>

CLI Application to house and store a company's employees through use of Node, MySQL, and Inquirer. Allows the company the ability to scale appropriately dependent on growth with functionality to add and update employee roles and departments.

EDUCATION

Trilogy Coding Bootcamp, Full Stack, UCSD Extension, Certificate, 2020

Santa Barbara City College, 30 credits towards an Associates Degree in Music, 2008

San Marcos High School, Diploma, 2003
